January 18, 2017

To: Elliott Bay Adjustment Company Clients
From: Dreana Berggren, President

Happy New Year! And thank you for listing your collection accounts with me.

After 30 years in the collection business, I will be retiring February 1, 2017.

I have searched for and located the highest quality, best performing local collection agency to transition my inventory of accounts, my office location, clients and files to.

I am pleased to announce ***Puget Sound Collections*** will continue your collection services at my current location at 10740 Meridian Avenue North, Suite 200, Seattle, WA 98133.

Please visit their website at www.pugetsoundcollections.com. You will find the current owners have been operating this top-performing agency for 30+ years. They are the only PPMS Certified Collection Agency in the state of Washington--attesting to both the quality of their people, processes and technology.

Your client files and reports, consumer files and original documentation for debt listings will be left with them in our current offices. ***Puget Sound Collections*** is well known for their Client Services reputation and superior recovery results. I am assured your collections are in professional hands.

Puget Sound Collections' Client Services team will be reaching out to contact you, assuring any questions you have are answered. Our existing phone numbers will continue to operate indefinitely as many consumers are in payment plans that span years.

I am grateful for your support and referral through the years.
